Maximal USA

“Your North American connection for quality, custom forklifts.”

www.independentequip.com
HISTORY OF MAXIMAL

Established in 2006, Sino-American Zhejiang Maximal Forklift Co, Ltd. Is located in the Lushan Industry District. The facility is connected by #320 national highway, Hangqian highway, the Fuchun River and approximately 30 miles from Hangzhou Xiaoshan International airport.

Maximal company employs a total of 500 people. More than 150 hold college degrees or above and over 50 are R&D personnel. Maximal has earned six state technical invention patents and over 30 design patents.
CAPACITY
The factory complex covers an area of 130,000 sq meters or 1.3 million square feet with a total investment of $6,365,000 USD.

Maximal specializes in material handling equipment design & manufacture.

Present production capacity is 15,000 forklifts per year.

This modern facility features;
• high tech computer controlled component production
• component coating line
• assembly line
• machine performance test area
• forklift stability tilt table
QUALITY AND EXPERIENCE
Maximal has an equipment manufacturing license issued by the State General Administration of Quality Supervision, inspection and Quarantine of the PRC, certification for Special Equipment Type Examination and certificate for EC Type examination.

Maximal has established a long term technical business relationship with their Military Transportation University providing technical R&D for the update for Army material handling equipment.

Maximal is the authorized supplier for the General Logistics Department of PLA and the General reserve department of PLA.
**SIMILARITIES**

**FEATURES**

- **Capacity**: 5,000lb
- **Wheel Style**: Solid/Cushion/Pneumatic
- **Operator Features**: Premium suspension safety seat, forward positioned hydraulic control and left hand directional travel levers
- **Maneuverability**: Same undercarriage components for maximal turning
- **Productivity**: No functional difference in power or lifting

**M series 5,000lb Electric 4 Wheel Forklifts**

**M series 5,000lb Gas/LPG/CNG 4 Wheel Forklifts**

**FEATURES**

- **Capacity**: 5,000lb
- **Wheel Style**: Solid/Cushion/Pneumatic
- **Operator Features**: Premium suspension safety seat, forward positioned hydraulic control and left hand directional travel levers
- **Maneuverability**: Same undercarriage components for maximal turning
- **Productivity**: No functional difference in power or lifting

**INDEPENDENT EQUIPMENT**

**ALWAYS FAIR & HONEST PRICE**
## Electric Benefits

### Features

<table>
<thead>
<tr>
<th>Electric</th>
<th>Gas/LPG/CNG</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fuel Efficiency</td>
<td>Fuel Cans, Refill Time, Hazard of Spills</td>
</tr>
<tr>
<td>Low Noise</td>
<td>Mufflers, Engine Noise</td>
</tr>
<tr>
<td>Lower Cost of Operation</td>
<td>Storage of extra fuel and or LP tanks</td>
</tr>
<tr>
<td>Reduced Maintenance</td>
<td>As always, high heat and friction wear parts create more repairs</td>
</tr>
<tr>
<td>Cleaner Environment</td>
<td>More Toxic Environment</td>
</tr>
</tbody>
</table>

#### Electric Forklifts

- **M series 5,000lb Electric 4 Wheel Forklifts**
  - Fuel Efficiency: 100% AC Power, Overnight Charging
  - Low Noise: Quiet, No engine noise
  - Lower Cost of Operation: Simple, automated charging and watering systems
  - Reduced Maintenance: Brushless motors have fewer parts, much less maintenance
  - Cleaner Environment: No fossil fuels means no emissions
**M series 5,000lb Electric 4 Wheel Forklifts**

**OPERATIONAL COST**

CONVENIENT AND EASY MAINTENANCE

MAXIMAL lift trucks are designed for the operator to be more productive and require less downtime for maintenance.

MAXIMAL value added lift trucks have earned a reputation for being tough, reliable and agile to handle more product with less operator effort in virtually every application.
**Why Maximal?**

Maximal dealers have grown strong vibrant businesses and as such, understand what it takes to keep your business moving forward. Each of our dealers have partnered with financial institutions in their respective areas to provide competitive, affordable financing and leasing options to help with the attainment of quality material handling products.

Each of our dealers, back through the Maximal Products manufacturer have invested time and money in establishing parts availability that reduces down time. Maximal Parts (not already stocked) are available to dealers via online content and expedited shipping methods.

Need service on site? Maximal dealers are also chosen for their service standards in their respective areas. You’ll find fully equipped service vehicles and experienced service technicians readily available to bring support to your doorstep. We know your business demands more than just quality products. Maximal USA has established an on line parts sourcing system to expedite parts at your convenience. With over 32,500 part numbers in our extensive inventory, we can provide the parts that keep the machine in peak operating condition.

MAXIMAL lift trucks are designed for the operator to be more productive and require less downtime for maintenance.

MAXIMAL value added lift trucks have earned a reputation for being tough, reliable and agile to handle more product with less operator effort in virtually every application.
Maximal has a variety of models to meet your business needs and budget....

- **M series .5-5T / 1000-11,000 LB capacity** 4 wheel electric forklifts.
- **M series 1.3-2T / 2600-4000 LB capacity** 3 wheel electric forklifts.
- **M series 1-2T / 2000-4000 LB capacity** stand or sit drive electric reach forklifts.
- **1-4.5 T / 2000-10,000 LB capacity** gas/ LPG/CNG forklifts.
- **M series 14T / 30,000-60,000 LB capacity.**
- **M series 8-10T / 17,500-22,000 LB capacity.**
